What do PTAs do?

A PTA is a Parent Teacher Association, an organisation with a mission to make the school a better place for children to learn. Flora Garden's PTA brings together parents, teachers and children to raise funds and strengthen the school community. Money raised is usually spent on things for the pupils that the school budget does not cover.

Why should I join one?

There are many reasons why you should join the PTA. From making new friends and getting to know the school environment, through to help much needed funds and making a difference to the children and school community.

What will be expected of me?

There is no expectation on any parent volunteer, any amount of time you can give to the PTA will always be well received.

There are a variety of ways you can get involved - attending PTA meetings through to volunteering at events or the coordination events. Even donating preloved items, raffle prizes or suggesting ideas are ways of getting involved.

Parents can come to the meetings to just listen and learn, or they can take a more active role if they want.
