## HEAD'S BLOG

As we reach the end of the term I thought I would share some things that I have learnt from my own children over the last few years. As that paragon of fatherhood Homer Simpson once told his brood, "Remember, as far as anyone knows, we're a nice, normal family."

1. A king size waterbed holds enough water to fill a 2,000 sq.ft. house 4 inches deep.
2. If you spray hair spray on dust bunnies and run over them with roller blades, they can ignite.
3. A 3-year-old's voice is louder than 200 adults in a crowded restaurant.
4. If you hook a dog leash over a ceiling fan, the motor is not strong enough to rotate a 42 pound girl, who is wearing Batman underwear and a superman cape. \*\*It is strong enough, however, to spread paint on all four walls of a 20x20 ft. room.
5. You should not throw cricket balls up when the ceiling fan is on. When using the ceiling fan as a bat, you have to throw the ball up a few times before you get a hit. A ceiling fan can hit a cricket ball a long way.
6. The glass in windows, even double glazed, doesn't stop a cricket ball hit by a ceiling fan.
7. When you hear the toilet flush and the words "Uh-oh", it's already too late.
8. Brake fluid mixed with Clorox makes smoke... lots of it.
9. A six-year-old can start a fire with a flint rock even though a 34 year old man says it only happens in the movies. A magnifying glass can start a fire even on an overcast day.
10. Certain Lego's will pass through the digestive tract of a four-year-old.
11. PlayDoh and Microwave should never be used in the same sentence.
12. Super glue is forever.
13. No matter how many jelly cubes you put in a bath, you still can't walk on water.
14. Bath plug holes do not like dissolved Jelly cubes.
15. VCR's do not eject jam sandwiches even though TV commercials show they do.
16. Black bin bags do not make good parachutes.
17. Marbles in petrol tanks make lots of noise when driving.
18. You probably do not want to know what that odour is.
19. Always look in the oven before you turn it on. Plastic toys do not like ovens.
20. The fire department in Sutton has a 5-minute response time.
21. The spin cycle on the washing machine does not make earth worms dizzy. It will, however, make cats dizzy! Cats throw up twice their body weight when dizzy.

We only learn by being adventurous!

Have a wonderful Easter holiday.

Thank you to Miss Kelly and the PTA for organising such a wonderful Easter Fair  
An incredible £609.75 was raised!

Pupils return to school on Tuesday 17<sup>th</sup> April.

The only clubs on during the first week back are chess/draughts, computer games, arts & crafts & origami as they form part of our daily after school service.

On Wednesday 18<sup>th</sup> April the school photographer will be here taking class photos, and for the first time ever we will be taking a whole school photo!

Tweet

It's @YouthSportTrust GOLD QualityMark for @floragardensw6 @CFinneyPE using PE, School Sport and Physical Activity to underpin whole school improvement supporting all pupils to achieve their personal best. Hope all staff and pupils have a great Easter! #superbevidencefile
